### **Event**

The Organiser will provide the relevant Maps you just bring some pens and a clipboard and a torch.

The Events will consist of either twenty, twenty-four, or twenty-eight map references placed in an Approximate Area of 14 x 14 Grid squares, (or equivalent area). These places will be on easily recognisable points, for example junctions or, bridges, cattle grids, car parks or lay-bys. At each point you will be looking for a part or full car number plate. These will all be attached to wood. You will be required to record the characters from the number plate and whatever (if anything) has been added to it. You may also have to answer a question about the number plate (You may not have time to visit all the locations). There is no set route that you have to follow on the event, it is up to you to decide where to go & how to get there. You will be informed before the start how the event will be scored. The organiser of the event will mark the event & their decision is final.

The Time allowed for each event will be between 1.5 and 2.5 hours and aiming to finishing by 10:15pm.

A maximum finish time will be stated in the event handouts or at the start.

The Maximum number of Entries will be 12 Cars, The minimum number is 3.
