INTRODUCTION

Welcome to Werrington Park for Plymouth Motor Club's 44th Speed Hillclimb to be held at this lovely venue. We are here by kind permission of Mr. T. Williams and would like to thank him for allowing us access to the park.

For those of you who have not seen this type of motor sport before, the idea is simply to get from the bottom of the hill to the top in the shortest time possible. The cars are divided into various classes, according to type and capacity, and all have a chance of winning their class. Timing is electronic; light beams across the track at the bottom and top of the hill operate digital time clocks which record the time elapsed to the nearest hundredth of a second. There is also a speed trap on the upper section of the hill, allowing drivers to see their speeds on this part of the track.

Please feel free to look around the bottom paddock, look at the cars and talk to the drivers - if they are not too busy preparing/ adjusting/ repairing their cars! Times will also be displayed in the white marquee at the bottom of the paddock as well as on the displays opposite the paddock. We will have an awards presentation at the end of each day, you are welcome to come & join us by the white marquee about 30 minutes after the end of the competition runs. While you're waiting, why not sample the delights served up by our caterers.

One word of warning however – MOTOR SPORT IS DANGEROUS.

It may not look it, but some of the cars will be travelling at over 100mph on the fastest parts of the hill. Therefore, if an official asks you to move, please do so promptly - IT WILL BE FOR YOUR OWN SAFETY. If you do not move we will have to stop the racing until you do so. Also, please stay behind the ropes and if there is an incident stay where you are. The officials on hand are trained to deal with any incidents.

Please remember that this is a private park so do not pick the flowers or disturb the animals. **Please take all litter home with you or use the litter bins provided.**
